Prime Contract Awards
By State

Fiscal Year 1995

FOREWORD

Prime Contract Awards by State is published annually.

This publication provides information on Department of Defense procurement awards. The data are broken down into three categories:

1. Total U.S. Awards;

2. Awards Not Distributed by State; and

3. Total State Awards, which is further divided into separate totals for each state.

TABLE OF CONTENTS

INTRODUCTION

Prime Contract Awards by State provides a wide variety of information on all Department of Defense (DoD) procurement awards. Both military and civil function (i. e., U. S. Army Corps of Engineers -- Civil Works) procurements are represented. The data are presented by state and include the net value of procurements awarded to each state as well as each state's percentage of the total for all state procurements.

The total net value of procurement awards for fiscal years (FYs) 1995, 1994, 1993, and 1992 are shown for all of DoD in Table 1, page 5, and for its Military Components only in Table 2 on page 6. The total net value of military procurement awards for FY 1995 (presented in Table 2) are displayed according to Defense Component in Table 3 on page 7. Table 4 is reserved for future use. Data on the total net value of civil function procurement awards for FYs 1995, 1994, 1993, and 1992 are provided in Table 5 on page 8. Table 6, page 9, displays county data within each state by DoD Component (including Civil Function) for the latest fiscal year.

Selected information from this publication can be found on the World Wide Web under http://web1.whs.osd.mil/peidhome/geostats/p09.htm

NOTES ON COVERAGE

Data in this report reflect the net value of debit and credit procurement actions over $25,000, (i.e., terminations, price changes, or other downward adjustments are deducted from a contractor's total award amount, while modifications and other positive adjustments are treated as increases). If the debit amount exceeds the credit amount, a negative sign is placed to the right of the net amount displayed. Procurement awards include definitive contracts; the obligated portions of letter contracts; and job orders, task orders, delivery orders, or any other orders against existing contracts. Contracts for research and development, services, construction, and supplies and equipment are also included. Contracts awarded by DoD to other U.S. Government Agencies as intragovernmental orders and foreign military sales (reimbursable sales to foreign governments) are also included.

The data base from which information for this report is collected does not include data on those parts of indefinite quantity contracts (except for petroleum products) that have not been translated into specific orders to businesses, those contracts that have not yet become mutually binding agreements between the government and the contractor, or prime contracts awarded by other U.S. Government Agencies and financed with DoD funds.

1

TOTALS

The United States total in the tables includes all contracts awarded for work performed in the United States. The United States, as used here, includes the 50 states, the District of Columbia, and the outlying areas of the United States. The United States outlying areas include American Samoa, the Federated States of Micronesia, Guam, the Marshall Islands, Northern Mariana Islands, Palau, Puerto Rico, the U.S. Minor Outlying Islands, and the Virgin Islands of the United States.

The subtotal "NOT DISTRIBUTED BY STATE" includes all contract awards of $25,000 or less for performance in the United States. This subtotal also includes all contract awards, regardless of size, for performance in the United States outlying area and all contract awards for performance in classified locations.

State subtotals include the net value of procurement awards over $25,000 awarded to each state and the District of Columbia.

LOCATION OF CONTRACTS

Contract work is not necessarily performed in the state where the contract is awarded. Most manufacturing contracts have been attributed to the contractor's location where the product will be processed and assembled. When contract work has been performed at more than one plant, the contract has been attributed to the location where the largest dollar amount of work was produced. Both construction and service contracts have been attributed to the state where the work is to be performed. Contracts for transportation and communications services have been attributed to the state where the contractor's home office is located. For purchases from wholesale or other distribution firms, the location is the contractor's business address.

HIGHLIGHTS

The total United States prime contract awards during FY 1995 totaled $125,200.5 million, a decrease of $659.1 million or 0.5 percent from FY 1994. The state that showed the largest dollar amount of change for FY 1995 was California with a decrease of $4,295.8 million or 19.0 percent from FY 1994. As defined by "LOCATION OF CONTRACTS," the State of California has shown a constant decrease in DoD contract obligations since FY 1992, in Table 1. In spite of the constant decrease, Table 1 shows California continues to receive the largest amount of DoD contract obligations based on the dollar amount and percentage of contract obligations. This year the state with the second largest dollar amount of change was Virginia with an increase of $4,120.6 million or 51.4 percent. Most of the obligation increase in the state of Virginia during FY 1995 can be attributed to a Navy contract action for approximately $3 billion related to the construction of a Nimitz Class (CVN 68) nuclear powered aircraft carrier.

In FY 1995, procurement increased in 23 states and the District of Columbia (median increase $142.5 million) and decreased in 27 states (median decrease of $129.7 million). Overall, the average and median change of procurement for all states in FY 1995 were a negative $25.7 million and a negative $19.2 million, respectively. The following ten states had the largest amount of procurement award dollar change from FY 1994 to FY 1995 (shown from largest increase or decrease to smallest increase or decrease):

| LOCATION | (AMOUNTS IN THOUSANDS OF DOLLARS) | | | |
	FY 1995 AMOUNT	FY 1994 AMOUNT	AMOUNT OF INCREASE OR DECREASE FROM FY 1994	PERCENT OF CHANGE FROM FY 1994
California	$18,277,309	$22,573,105	-$4,295,796	-19.0
Virginia	12,137,711	8,017,082	4,120,628	51.4
Louisiana	1,030,771	2,148,113	-1,117,342	-52.0

1 For clarification on the limitations and conditions of coverage, see the Introduction.
2 All figures include civil function procurement awards. See Table 5.
Notes: An asterisk in the percent column represents a figure of less than 0.05 percent.
Percentages may not add due to rounding.
Amounts are collected in whole dollars and rounded to thousands.
